

BRANDEL MARINE LIMITED

May 2021

About Brandel Marine Limited

- ▶ Brandel Marine Limited ("BRANDEL") is a privately held company in Ghana with key specialties in manning, crewing, transshipment services, offshore delivery services, ship chandelling, oil platform maintenance, cruise ship lines and container delivery services, bulk cargo services, amongst others.
- ▶ Incorporated in July 2018, the Company has become one of the most respected and emerging marine service providers with strong strategic partners across the globe including Asia especially Singapore, Europe, Middle East and other African countries.
- ▶ BRANDEL is premised on the vision to be among the top 10 marine services providers in West Africa through excellent quality service delivery at competitive prices, strong strategic alliances, and increase footprints across West Africa and beyond. The Company is located in Accra, the capital city of Ghana and about 18 kilometers the country's main harbour.
- ▶ The Company, within a couple of years, has been able to provide several marine and transshipment services to some of the top notch companies, including SHELL, TOTAL, EMAS Offshore, in Africa and beyond.
- ▶ The Company also has extensive relationships with equipment providers, mining and oil & gas players both domestically and internationally which enables diversity in the options available to clients.
- ▶ Excellent service and innovation are one of the hallmarks of BRANDEL's service delivery and thus has distinguished the Company from other emerging competitors.
- ▶ BRANDEL has an experienced management team and a workforce that are well versed in marine services and understands the industry perfectly.

Vision

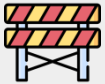

To be one of the top 10 marine and transshipment service providers in West Africa.

Mission

Our mission at BRANDEL is to use expertise, systems, technology and networks to become the hub of excellence in crewing, manning, marine services, offshore delivery services, delivery services and bulk cargo services.

Objectives

To eliminate industry headaches or pain points in providing marine and transshipment solutions and projects in Africa.

To build a portfolio of services that provide bespoke marine and transshipment solutions.

To transform the face of maritime services across Africa providing solutions where others have failed and thereby changing the narrative.

To provide quality and excellent and customised solutions through the usage of the latest technologies and a wide array of methodologies

About Brandel Marine Limited

Industry Experience

We have exceptional industry experience and remain one of the emerging marine and transshipment services companies in Ghana.

One of the emerging leaders for marine and transshipment solutions

- ▶ BRANDEL has an extensive track record in marine services and transshipment industries, serving several companies within the industrial as well as the oil and gas value chain.
- ▶ Recent transactions are a testament to our strength in the sector and our deep understanding of the transshipment processes and models, internationally. Our recent and relevant transactions include; MAERSK Line, Aker Solutions, Aker Energy, SHELL.
- ▶ Our clients are our most important asset, thus, we take the time to understand our clients' business, the industry and market trends, know their competitors, as well as identify the various segments and niches where our clients can create additional values.

Intimate knowledge of the Transshipment Industry

- ▶ BRANDEL has served a broad range of clients over 15 years, providing vessels, crew and technical expertise.
- ▶ We have aligned ourselves with various reputable strategic partners both domestic and international, thus providing excellent service delivery and efficiency for all our operational activities.
- ▶ We have long-standing and deep relationships across the markets and in the business community within other African countries including Angola, Equatorial Guinea, Gabon, Guinea, Nigeria, Sierra Leon, South Africa, amongst others.

A One-Stop Shop

- ▶ BRANDEL is a one-stop shop for all your crewing, manning, marine and transshipment needs.
 - We achieved this through strategic partnerships and strong networking skills with professionals across all sectors.

BRANDEL is the best company to partner for your ultimate marine and transshipment solutions.
